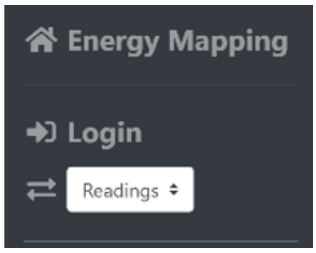
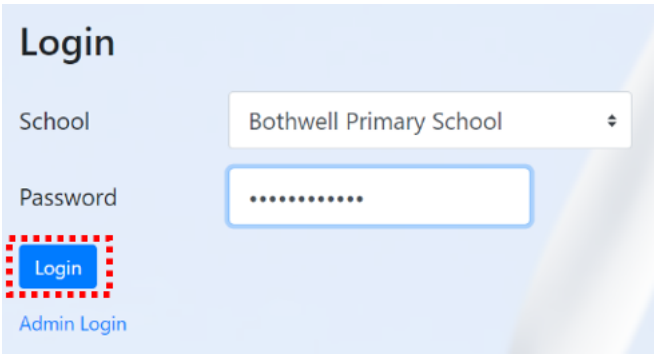
Adding Data to the Website

1. Go to the Energy Mapping Challenge website:
   https://energymap.oe.phy.cam.ac.uk/

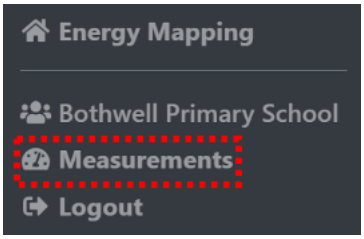
2. Click "Login".



3. Select your school. Enter your password and click "Login".



4. To add new data, click "Measurements".



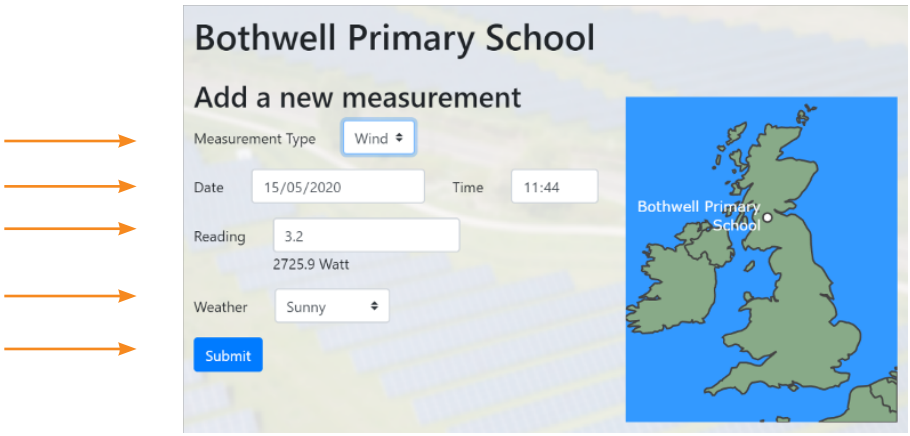
5. Select the Measurement Type (Wind or Solar).

   Enter the Date and Time of your measurement.

   Enter the Reading (the number you measure using your device).

   Select the Weather you experienced (Sunny, Partly Sunny, Cloudy or Rainy).

   Click "Submit" when you are finished!



6. Click the "Energy Mapping" button to view your data along with all the other schools who are participating.

   Use the "Readings" drop-down menu to view your data in different scientific units.
   Click the "Information" button to learn more about solar and wind energy...
